

Volunteer

Volunteer

The volunteers are an extremely important part of the Lion Heart Utopia project. It would be nearly impossible to conduct the race without their support both for the organizers and the athletes. We are seeking for those who feel motivated and responsible to join us and become part of one of the biggest sports events in Bulgaria.

Volunteers' tasks are various and include: traffic control, supply of food along the race route, tagging and cleaning the terrain, filming in videos, cleaning wounds, supporting the racers during tough moments and more. Each volunteer will receive a certificate for participation. For the most dedicated of all volunteers free access to the camping area in the heart of our base camp will be provided with running water, WC and showers.

Do not hesitate to join us and become a member of the Lion Heart Utopia team.

Please leave your contacts in the list below and we will contact you with further details about the race.
